**FY 2002/03-2007/08
REGIONAL TRANSPORTATION IMPROVEMENT PROGRAM
(2002 RTIP)**

SECTION V

**FEDERAL TRANSIT ADMINISTRATION SECTION 5307
PROGRAM OF PROJECTS FOR THE LOS ANGELES AND
RIVERSIDE-SAN BERNARDINO URBANIZED AREAS**

INTRODUCTION

The Federal Mass Transportation Act of 1987 requires that programs of transit operating, capital and planning projects requesting Federal Transit Administration (FTA) Section 5307 funds be adopted by the Designated Recipient. The regulations require that public notice of the proposed programs be given an opportunity for public comment and be made available. In addition, the projects must be included in the Regional Transportation Improvement Program (RTIP) in order for the transit operators to receive grant approval.

The Los Angeles-Long Beach-Santa Ana and Riverside-San Bernardino Section 5307 Program of Projects are based on the FY 2003 figures provided in the Transportation Equity Act for the 21st Century – Federal Transit Act of 1998 Guaranteed Funding tables. In the event that the 2003 apportionment differs significantly than anticipated, the program of projects may be amended and brought back for approval by the Southern California Association of Governments (SCAG) Regional Council. However, if there are no changes to the Los Angeles-Long Beach-Santa Ana and Riverside-San Bernardino Urbanized Areas' programs, this will serve as the final program of projects. The program of projects for both of these urbanized areas is included in the FY 2002/03 – 2007/08 RTIP for approval.

Any questions or comments regarding these programs of projects should be directed to Rosemary Ayala at SCAG via either telephone at (213) 236-1927 or e-mail at ayala@scag.ca.gov.
